Statehouse Happenings

Summer break has now begun and that means the 135th General Assembly will not return to full operations again until some time in the fall – probably after the November Elections. In June both chambers were very busy trying to get as many bills as they could through committees and passed in session. Here is a week-by-week look at the June activity of the many 'veteran/military' bills while in committees.

June 3-7

The House Civil Justice Committee had House Bill 212 on its agenda Tuesday afternoon. HB 212 would amend sections of the Revised Code to prohibit foreign adversaries and certain businesses from owning real property in Ohio and to name this act the Ohio Property Protection Act. It was introduced by Representatives **Angela N. King** (District 84) and **Roy Klopfenstein** (District 82) in June of last year. It is on our list because according to the LCS's Local Impact Statement, under the bill, protected property includes real property within a 25-mile radius of (1) an installation under United States armed forces jurisdiction, or (2) a critical infrastructure facility. It was the fourth hearing for the bill and no one was present to give testimony, however written testimony had been submitted from Scott Williams, Chief Executive Officer of Ohio REALTORS as an interested party. In his testimony, Williams pointed out that a similar bill enacted in Florida is having legal problems and Ohio could face similar challenges.

Later on Tuesday the House Ways and Means Committee held the sixth hearing for House Bill 378 which was introduced back in January by Representatives **Brian Lorenz** (District 60) and **Nick Santucci** (District 64). The bill would amend the Revised Code to authorize a full homestead exemption for surviving spouses of members of the uniformed services killed in the line of duty. Representative Lorenz offered three amendment to the bill and the committee agreed to them and the amended bill was favorably passed (12-1). The amendments would disallow a spouse if they remarry and a spouse who cohabitates with another unrelated person. The bill passed on the house floor the next week with a vote of 90 to 1.

On Wednesday the House Homeland Security Committee met and was scheduled to hear testimony and possibly vote on House Bill 232. The bill would amend the Revised Code to create the "Historical and Patriotic Education" license plate. The special plate would generate \$20. for the Ohio Society, Sons of the American Revolution. The Society would be required to use the contributions for special projects related to historical education. Representatives **Jamie Callender** (District 57) and **Mike Loychik** (District 65) introduced the bill June 29th a year ago. There was no testimony and the bill was favorably passed out of committee with a vote of 7 to 1.

It was referred to the House Transportation Committee.

The Bill would enact section 5534.665 of the Revised Code to designate a portion of State Route 273 in Hardin County as the "Major David McGue Memorial Highway."

OPINIONS

Bills Would Tell Active Military 'Welcome to Ohio'

Written in last year's state operating budget was a new program. The program was created through the joint efforts of the offices of Governor Mike DeWine and Treasurer Robert Sprague and it took effect in January. The program, officially called the *Homeownership Savings Linked Deposit Program*, provides above-market interest rate accounts at an eligible savings institution that are to be used for the down payment and closing costs associated with buying a home. Known as "Ohio Homebuyer Plus",

the savings program is designed to help more Ohioans realize the dream of homeownership.

In addition to higher-yield savings accounts, the program offers some tax-related benefits as well. The interest earned on the accounts is exempt from state income tax and accountholders and their family members may claim a personal income tax deduction for contributions made to the accounts.

To participate in the program, an individual must 18 years of age and be a resident of Ohio. They must apply for a homeownership savings account at an eligible savings institution and certify on the application that the funds in the homeownership savings account shall be used exclusively for eligible home costs.

There are more than 6,700 active-duty men and women who reside in Ohio. Because they are not residents of Ohio, they would not be

eligible to participate in Ohio Homebuyer Plus. It could keep them from realizing their dream of homeownership.

If Treasurer Sprague, State Representatives **Nick Santucci** (District 64) and **Brian E. Lampton** (District 70), and State Senators **Brian M. Chavez** (District 30) and **Terry Johnson** (District 14) have their way, that roadblock will be removed, and participation in Ohio Homebuyer Plus will be possible for them.

Chavez and Johnson introduced Senate Bill 257 on May 1. Santucci and Lampton followed on May 6 with House Bill 517. These companion bills will correct the current law by allowing a member of the uniformed services, on active -duty military who reside in another state but are stationed in Ohio to participate in Ohio Homebuyer Plus.

The legislation will encourage the men and women stationed in Ohio to purchase a house, put down roots, and become a permanent part of their communities. It will send a clear message to them that Ohio wants them and welcomes them.

HB 517 passed out of committee on June 25. SB 257 passed out of committee as well and also passed in senate session on the same day. We hope this legislation will continue to progress quickly through the general assembly and land on the governors desk and receive his signature.

OLR is in full support of HB 517 and SB 257.

IN OTHER STATES

From the Washington State Legislature

The following bill was passed into law March 7, 2024...

HB 2014 (a synopsis)

Qualifying Discharge.

The term "qualifying discharge" is added to provisions establishing various benefit programs for veterans, generally replacing references to "honorable discharge." "Qualifying discharge" is defined as:

- a discharge with an honorable characterization of service;
- a discharge with a general under honorable conditions characterization of service;
- a discharge with an other than honorable characterization of service if the applicant provides certain documentation from the United States Department of Veterans Affairs showing eligibility for or receipt of monetary benefits; or
- any characterization of service if the reason for discharge was listed as due to:
 - a person's sexual orientation, gender identity, or gender expression;
 - statements, consensual sexual conduct, or consensual acts relating to sexual orientation, gender identity, or gender expression; or
 - the disclosure of statements, conduct, or acts relating to sexual orientation, gender identity, or gender expression to military officials.

OHIO CONSTITUTION

ARTICLE I, BILL OF RIGHTS

SECTION #10A ~ RIGHTS OF VICTIMS OF CRIME

Effective: 1917

(A) To secure for victims justice and due process throughout the criminal and juvenile justice systems, a victim shall have the following rights, which shall be protected in a manner no less vigorous than the rights afforded to the accused:

- (1) to be treated with fairness and respect for the victim's safety, dignity and privacy;
- (2) upon request, to reasonable and timely notice of all public proceedings involving the criminal offense or delinquent act against the victim, and to be present at all such proceedings;
- (3) to be heard in any public proceeding involving release, plea, sentencing, disposition, or parole, or in any public proceeding in which a right of the victim is implicated;
- (4) to reasonable protection from the accused or any person acting on behalf of the accused;
- (5) upon request, to reasonable notice of any release or escape of the accused;
- (6) except as authorized by section 10 of Article I of this constitution, to refuse an interview, deposition, or other discovery request made by the accused or any person acting on behalf of the accused;
- (7) to full and timely restitution from the person who committed the criminal offense or delinquent act against the victim;

(8) to proceedings free from unreasonable delay and a prompt conclusion of the case;

(9) upon request, to confer with the attorney for the government; and

(10) to be informed, in writing, of all rights enumerated in this section.

(B) The victim, the attorney for the government upon request of the victim, or the victim's other lawful representative, in any proceeding involving the criminal offense or delinquent act against the victim or in which the victim's rights are implicated, may assert the rights enumerated in this section and any other right afforded to the victim by law. If the relief sought is denied, the victim or the victim's lawful representative may petition the court of appeals for the applicable district, which shall promptly consider and decide the petition.

(C) This section does not create any cause of action for damages or compensation against the state, any political subdivision of the state, any officer, employee, or agent of the state or of any political subdivision, or any officer of the court.

(D) As used in this section, "victim" means a person against whom the criminal offense or delinquent act is committed or who is directly and proximately harmed by the commission of the offense or act. The term "victim" does not include the accused or a person whom the court finds would not act in the best interests of a deceased, incompetent, minor, or incapacitated victim.

(E) All provisions of this section shall be self-executing and severable, and shall supersede all conflicting state laws.

(F) This section shall take effect ninety days after the election at which it was approved.

June 10-14

On Tuesday, the House Economic and Workforce Development Committee held the first hearing for House Bill 517. The bill is a companion bill to SB 257 and would amend the Revised Code to make active duty members of the uniformed services eligible to participate in the homeownership savings linked deposit program. Testimony was heard from the bill's primary sponsors, Representatives **Nick Santucci** (District 64) and **Brian E. Lampton** (district 70). "We depend on these individuals for our security, and through House Bill 517, we can help them obtain security for themselves by ensuring that they are

Reps Santucci (l) and Lampton testifying on HB 517

afforded the resources necessary to purchase a home and to take that step for their future while serving out their assignments here in Ohio," Santucci stated in his testimony. When Lampton gave his testimony he said "It is my hope that by expanding this program to include our service men and women and helping them to purchase homes, we can enable them to put down roots here in Ohio so that they can continue to be valuable contributors to our communities and our great state for many years to come."

The House Armed Services and Veterans Affairs Committee had four pieces of legislation on the agenda that afternoon. First up was SB 113. It would prohibit a person who fails to comply with the Military Selective Service System from holding certain public offices or employment with the state, and require high schools to notify students

Willette (l) and Daniels testifying on SB 113

of any obligation to register for the Selective Service System. This bill was introduced by former Senator **Frank Hoagland** in April of last year. It passed out of committee and on the senate floor and was then introduced into the house in October. This was the second hearing in this committee and proponent testimony was given by Bradley Willette, Ohio State Director and Jacob G. Daniels, Deputy Associate Director for Legislative and Intergovernmental Affairs at the United States Selective Service System. "...I'm concerned that

registration rates for Ohio eighteen-year-olds dropped to 49.7% in 2023. Prior to the COVID-19 pandemic, 73% of Ohio eighteen-year-old men registered with Selective Service System. To return registration rates to prior levels, we need help," Willette said in his testimony. Daniels stated "This bill aligns with federal law that requires registration to be eligible for employment in the Executive Branch. This includes employment with any federal agency, the United States Postal Service, the Census Bureau, AmeriCorps, and Peace Corps. Nineteen states condition state and/or local government employment on registration with Selective Service System."

Next was Senator **Tim Schaffer** (District 20) who gave sponsor testimony on SCR 8 first and then SCR 9. Senate Concurrent Resolution 8 would urge the President of the United States, the Secretary of

Senator Schaffer gives testimony on SCR 8 and SCR 9

Veterans Affairs, and Congress to take prompt action to reduce the processing time for veterans' disability benefit claims. It was introduced in November and it passed unanimously out of committee and on the senate floor before arriving in the house. In his

testimony Schaffer said, "The VA describes processing time for claims over 125 days as backlog.

Additionally, the number of backlogged claims was at 278,929 claims as of June 8, 2024. It is simply unacceptable to take over four months to process a veteran's disability-related claim, especially in cases where the claim is denied and sent to be appealed. Additionally, the time to process claims should be improving, not getting worse." Senate Concurrent Resolution 9 would urge Congress to support the provision of prompt and comprehensive

mental health treatment to military personnel and veterans who are suffering from post-traumatic stress disorder and other service-related stress disorders. "When it comes to our nation's military personnel and veterans, we should expect complete and full medical care for those men and women who sacrificed their health and wellbeing for their country," Schaffer said.

The fourth item was Sub SB 154 introduced in September by Senator **Kristine D. Roegner** (District 27). It would update the Revised Code in numerous

sections to include Space Force in the definition of the armed forces, armed services, and uniformed services of the United States. It had passed out of committee and in the full senate unanimously before being sent to the house.

In the Senate Community Revitalization Committee Senate Bill 257 had a second hearing. The bill would amend the Revised Code to make active duty members of the uniformed services eligible to participate in the homeownership savings linked deposit program. It was introduced by Senators

Brian M. Chavez (District 30) and **Terry Johnson** (District 14) on the first of May. State Treasurer, Robert Sprague said in his testimony, "Seeing as the men and women of our armed forces represent the very best of us, it's only appropriate that those who come to the Buckeye State as part of their military service also have the ability to stay here once that

service is complete. The Ohio Homebuyer Plus program can be a great benefit to them should they wish to plant permanent roots here in Ohio." Also testifying was Scott Weiser, Director of Legislative Affairs for the Ohio Credit Union League. He stated, "This common sense update provides those serving our country with an opportunity to participate in the program if they wish to make Ohio their permanent home." Two other witnesses provided the committee with written only testimony in support of SB 257.

In the Senate Finance Committee, Chairman **Matt Dolan** (District 24) gave sponsor testimony on his capital budget bill, SB 288 informing the members that

hearings would begin the next day. He explained the capital budget process and that SB 288 would contain the senates half of the \$700 million total one time strategic community investment appropriations allocated in the operating budget passed last year. It would be added into the House Capital Budget Bill, HB 2 and passed as one bill.

The next day the committee received written proponent testimony for SB 288 from eight witnesses. There were also some amendments accepted to the bill.

The same day Senate Bill 226 was on the

Sprague (l) and Weiser give testimony on SB 154

agenda on the Senate Veterans and Public Safety Committee for a fifth hearing. There were no witnesses. SB 226 is a companion bill to HB 212 –Ohio Property Protection act. Two amendments were made to the bill that addressed the concerns made in the written testimony for HB 212 from Ohio REALTORS the previous week. The committee then voted 5 to 0 for favorable passage. Two weeks later on the 26th, the bill passed in session with a 30 to 1 vote.

June 17-21

The House Economic and Workforce Development Committee heard testimony on Tuesday for HB 517, its second hearing. Giving in person testimony was Zach Prouty, Director of Policy and

Legislative Affairs for the Ohio Treasurer. "The men and women of our armed forces represent the very best our nation has to offer. By making this simple eligibility change to the Ohio Homebuyer Plus program, we can make it easier for our service members to plant permanent roots here in the Buckeye State following the completion of their military service," Prouty said in his testimony.

Written testimony was also provided by Scott Williams from Ohio REALTORS and Jared Weise of Ohio Credit Union League.

The House Finance Committee also met on Tuesday and heard testimony from Kim Murnieks, Director of Ohio Office of Budget and Management on HB 629. This is another capital budget bill and is almost identical to HB 2 and SB 292. Two days later the Finance Committee held the second hearing for HB 292, There were two amendments offered but the committee tabled both. The only testimony received was written testimony from three witnesses.

Kim Murnieks gives testimony on HB 629 and SB 292

The Senate Finance Committee also met on Tuesday to hear testimony on HB 2 and SB 292. There was written testimony only for HB 2 and that was from the primary sponsors of the bill, Representatives **Al Cutrona** (District 58) and **Terrence Upchurch** (District 20). Senate Bill 292 had its second hearing and Director Murnieks gave the same testimony she gave earlier in the day for HB 629.

June 24-28

This final week of June was extremely busy as the committees in both chambers tried to pass as many bills as they could. A total of 16 of our pieces of legislation were scheduled in six different committees on Tuesday and two more pieces on Wednesday.

The final hearings for HB 2 and SB 292 were held in the Senate Finance Committee on Tuesday. There was an amendment to make some technical changes to SB 292. Then an amendment was accepted to eliminate everything in House Bill 2 and relace it with the language in the newly amended Senate Bill 292. That made it Substitute House Bill 2 and it had everything in it that the both the house and senate had passed. The committee then voted to favorably (11 to 0) pass the bill out of committee. The next day the Senate voted 31 to 1 to pass the bill and the House concurred with their 92 to 5 vote. Sub HB 2 was sent to Governor DeWine for his signature.

Senate Bill 257 had its third hearing in the Senate Community Revitalization Committee on Tuesday. There were no witnesses and no written testimony so a vote was taken to favorably pass the bill out of committee –it was unanimous. The bill passed 31 to 0 on the senate floor the next day and

was sent over to the house chamber.

In the House Commerce and Labor Committee HB 523 had its first hearing. Representatives **Lauren McNally** (District 59) and **Adam Holmes** (District 97) introduced the bill in May. The bill would Require the Director of Commerce, in consultation with the Director of Veterans Services, to create a poster

containing information about specified veterans' benefits and services and require the Director to
